

Dear Teachers,

We hope that you will see the value of adding our book *The Sky is the Limit* to your classroom. There are so many wonderful content-based conversations to be had. We have included ten major life lessons for children:

***Always do your best.**

***Find mentors.**

***Be kind.**

***Dream big.**

***Have a mantra.**

***Be a loyal friend.**

***Believe in yourself.**

***Do what makes you happy – find your passions and follow them.**

***Work together as a team.**

***Block out naysayers.**

We have ready-to-use lesson plans created by some AWESOME teachers available at www.ickfridbooks.com.

In many schools we visit, the principal provides every classroom with a copy of our book, and for that we feel blessed. This may be something your administrators want to consider as well.

Please go look it up on Amazon and check out our reviews!

Sincerely,

Kim Eldredge and Toni Jordan
